

... because a great day starts with a great night's sleep.

S6 Cold foam mattress

- An adaptable cold foam core made of high-quality HR cold foam with distinct body comfort zones for high reclining comfort
- Pressure relief for the spine using an intricate cutting technique with a cylinder structure for restful sleep
- Temperature and moisture balancing
- Low-maintenance thanks to removal, washable, or dry-clean safe covers
- Made in Germany

S6

S6 Cold foam mattress

Full surface cover

Border cover

Thanks to its special surface cutting with lengthwise and crosswise profiles, the S6 core made of HR cold foam is extremely adaptable and comfortable. Integral body zones offer soft yet firm support.

Selecta covers have a soft surface and are especially sturdy. They ensure excellent moisture balance.

Washable cover

Recommended firmness

Weight kg	Height cm				
	below 160	160-170	170-180	180-190	above 190
below 50	soft	soft	soft	soft	soft
50-60	soft	soft	soft	soft	soft
60-70	medium	medium	medium	soft	soft
70-80	firm	medium	medium	medium	medium
80-90	firm	firm	firm	medium	medium
above 90	firm	firm	firm	firm	firm

Ergonomic cylindrical cuts in the shoulder area (the cylinders vary in diameter) allow your shoulders to sink in softly and deeply.
