- Three firmness options for individual demands
- Temperature and moisture balancing, skin-friendly outer fabric
- Low-maintenance thanks to removal, washable, or dry-clean safe covers
- Made in Germany

S 19

S19 Cold foam mattress

The Selecta S19 cold foam mattress with a high HR cold foam core is extremely adaptable thanks to its special surface cutting with lengthwise and crosswise profiles. Integrated body comfort zones offer the ideal balance between give and support. Increased height provides extra comfort.

Selecta covers have a soft surface and are especially sturdy. They ensure excellent moisture balance.
